Letter from the *President*

Dear Valued Customer,

As we embark on the exciting journey that 2025 promises, I'm thrilled to share some highlights of what lies ahead for Caesarstone. This year marks a pivotal moment in our evolution as we solidify our position as 'The Surface Company,' committed to innovation, sustainability, and creating a cohesive whole-home experience.

At the forefront of our advancements is the introduction of groundbreaking new materials and applications. We are expanding the boundaries of surface design with innovations that include porcelain countertops, cladding, large-format flooring, and new formulations for quartz and porcelain. A key highlight is the debut of our crystalline silica-free surfaces, crafted with up to 80% recycled post-industrial glass—an achievement that combines sustainability, safety, and aesthetic excellence.

Our commitment to health and safety remains a cornerstone of our operations. To date, over 6,000 fabricators worldwide have successfully completed our Master of Stone program, which is available in 12 languages. This program equips industry professionals with the knowledge and tools to foster safe and healthy work environments. At KBIS 2025, we will unveil new innovations that underscore our dedication to promoting responsible design and fabrication practices.

The demand for eco-conscious building projects continues to grow, and we're proud to be at the forefront of this movement. Our products are designed to enhance living spaces while reducing environmental impact. From responsibly sourced materials to innovative recycling practices, we believe that sustainability and design can coexist beautifully. I encourage you to explore our Environmental, Social, and Governance (ESG) report to learn more about our ongoing efforts.

In addition to product innovation, we continue to invest in creating inspiring spaces for our customers. Our design centers across the U.S. offer unique environments to explore our collections, collaborate on projects, and bring design visions to life. With recent openings in Charlotte, Philadelphia, Seattle, San Francisco, and Los Angeles, we are excited to announce that Boston and Dallas will join our network in 2025.

Looking ahead, we're inspired by the trends shaping our industry, particularly the shift toward sustainable materials and health-conscious design. Our advancements in material formulations not only prioritize safety but also elevate the aesthetic qualities of our surfaces, creating enhanced translucency and depth. These innovations will be on full display at KBIS 2025, where we look forward to engaging with you and showcasing our latest introductions.

Thank you for your continued partnership and trust in Caesarstone. Together, we're shaping a future where beauty, functionality, and sustainability come together seamlessly. Here's to an extraordinary 2025!

Sincerely,

Erik Christensen
President of Caesarstone US

Caesarstone Finishes

Caesarstone offers a variety of finishes, dressing the surface in a way that brings out the best in the design while ensuring it remains long-lasting without the need for sealants or wax.

Long-Lasting Quartz Finishes

Polished

High-gloss smoothness attracts light and illuminates with a natural glow.

Honed

Smooth to the touch and gentle on the eye, this finish adds a delicate sophistication to the surface.

Natural

A slightly textured satin sheen conjures up the warm and grainy touch of stone.

Concrete

A low light reflection and a slightly textured appearance evokes the sensation of an organic material.

Rough

With a complex and robust look and feel, it intensifies the depth of the colors. An advanced technology that achieves the effect of coarse industrial materials, but remains smooth for easy cleaning.

Durable Porcelain Finishes

Honed

Our Honed finish is smooth to the touch and soft on the eye, offering a special organic luminosity. Its satin sheen reflects light, while retaining a special shine that penetrates the surface to highlight deeper dimensions.

Silk

This finish covers the surface in a shimmering overlay. The light glides softly over the stone, creating a luxurious appeal that adds a dimension of softness and comfort.

Ultra Rough

Inspired by the tactility of rough stone, industrial metals and concrete, this finish reinforces the organic nuances of the stone. With a distinctive granular feel, it guarantees high durability and care.

Stone

Tenderly tactile with a pleasant radiance, this finish has the soothing touch of a semi-smooth stone. Its appearance is that of a weathered rock, which comforts in a genuinely authentic way.

Quartz Slab Sizes

Standard

Caesarstone Quartz surfaces come in Standard size, offered in two thicknesses.

120" x 56.5"
(47.08 sq ft)
(144 cm x 305 cm)

Thickness –
2 cm and 3 cm
depending on the color

Thickness	Standard Slab Weight
3 cm	639-675 lbs (290-306 kg)
2 cm	417-463 lbs (189-210 kg)

Jumbo

Some Caesarstone Quartz surfaces are available in large Jumbo size, offered in two thicknesses, making it easier than ever to fill spaces with fewer seams.

130" x 64.6"
(58.6 sq ft) +/- 1"
(164 cm x 331 cm)

Thickness –
2 cm and 3 cm
depending on the color

Thickness	Standard Slab Weight
3 cm	798-842 lbs (362-382 kg)
2 cm	520-575 lbs (236-261 kg)

Standard and Jumbo slabs are offered in two thicknesses.

Porcelain Slab Sizes

Large Slab Size

Caesarstone Porcelain surfaces come in one large-scale size for a seamless kitchen experience.

Size – 62.9" x 125.9"
(160 cm x 320 cm)

Thickness – 1.2 cm

Caesarstone Porcelain surfaces have a thickness of 12 mm, making them suitable for a variety of indoor and outdoor applications.

Weight – 330.7 – 352.7 lbs
(150-160 kg)

Weight / M2 – 59.5 - 68.3 lbs
(27-31 kg)

Edge Profiles

Quartz

All Caesarstone slabs come with a standard engineered cut, ready for experienced fabricators to fabricate the surface to your specifications. Your surface's edge profile can be custom-designed by any fabricator in a variety of thicknesses that inspire your design. Choosing the right edge profile for your specific design style and aesthetic adds the all-important finishing touches to your surface and optimizes your design.

Care & Maintenance

We produce incredibly durable and nonporous surfaces, so they're virtually maintenance-free. For daily routine care, just follow the simple tips below to benefit from timeless performance and appearance.

Lifetime Warranty

Our high-quality surfaces require little maintenance and come with a lifetime warranty

Cleaning Products

Use your regular home cleaning products

Simple Cleaning

A splash of warm soap water will do (avoid plant oil soaps)

Preventing Patina

Wipe away any liquid spills and splashes, to keep your surface dry always

Caring for Dark Surfaces

Patina and stains may be more noticeable. Cream-colored cleaning products are not recommended

Avoiding Scratches

Always use a cutting board and clear away sharp objects

Chemicals

Do not use hydrofluoric acid or materials containing it to clean your surface

Intact Surfaces

Avoid hard knocks on exposed areas, particularly on edges

First Cleaning After Installation

- 1 Clean the whole surface thoroughly after installation with soapy water and a microfiber cloth or non-abrasive scourer.
- 2 Dry the surface thoroughly with a paper towel.

Daily Maintenance

- 1 We recommend wiping the surface with warm, soapy water, a mild detergent, and a clean damp cloth.
- 2 Remove stains as soon as possible for easy cleaning and practical, immediate results.
- 3 To prevent limescale build-up, it is essential to thoroughly wash cleaning material residue off the surface and dry with paper towels.

Stubborn Spills

- 1 Gently rub the area using a soft cloth or paper towel with an approved cleaner.
- 2 Clean spill in a circular motion.
- 3 Rinse with water, and dry with a soft cloth or paper towel.
- 4 Repeat this process if the stain is still visible.

Warranty

Lifetime Residential & Commercial Warranty

Because your peace of mind is top priority, we provide a lifetime warranty for our Quartz, Mineral, and Porcelain surfaces we manufacture. This means that we completely support our product, and that we are always at your service to answer queries, solve problems and ensure you derive maximum satisfaction from your Caesarstone surface.

Outdoor 10-Year Limited Warranty

Caesarstone will warrant, from the original date of installation, material that fails due to any manufacturing defect fabricated and installed by a Caesarstone Certified Fabricator. This warranty will cover either the repair or replacement of failed material at the sole discretion of Caesarstone.

Register your warranty online at caesarstoneus.com/warranty
